Hello!

I am proud to share some important information from Cox, starting with an introduction to me, the new Las Vegas Market Leader and Vice President. I am Janet Uthman and I'm excited to lead the dynamic Cox Las Vegas operation following the retirement of Michael Bolognini. I am proud to join a company with a great reputation for giving back and supporting our community and equally solid reputation for being a technology leader helping drive economic growth in Southern Nevada.

Enclosed is our most recent Economic Impact Study, which provides an overview of our company's impact not only in Southern Nevada but statewide.

Some highlights include:

- **\$2.3 billion** in total economic impact in Nevada
- **\$39 million** in annual local and state taxes and franchise fees
- Driving more than **3,900** direct and indirect jobs in Southern Nevada
- Annual community giving of **\$4 million** by our employees and company in Nevada
- **11,000+** miles of fiber-rich network throughout Clark County
- More than **\$2.5 million** in Cox Charities grants have been awarded to nonprofits in Clark County since 2007

We strive to provide digital equity in our service area to ensure eligible students and families are connected to programs designed to provide critical broadband access. These connection opportunities go beyond in-home connections and include Cox Innovations Labs in local Boys & Girls Clubs and other nonprofit community centers. For more information on our digital equity programs, please visit cox.com.

Please reach out to me directly at janet.uthman@cox.com or 702-545-1010 if you have any questions, comments or advice for me as a new Southern Nevadan. I look forward to leading our Cox Las Vegas team and becoming active in this incredible community.

Sincerely,
